MAYORS ROSEBOWL GARDENS COMPETITION 1976

This competition is to find the Council tenant with the best individual garden. Judging normally takes place towards the end of July and an independent judging panel is set up for this purpose.

The Parish Council would like to give its full support to the idea this year and would like to know from any Borough Council tenant who would like their garden entered for the competition.

Our Parish Clerk, Henry Plant, 16 The Coppice, Tel.3459, must know by Monday 19th July at the latest. Why not give it a try?

At the first meeting of the new Council, Mr. A.G. Penn was elected CHAIRMAN and Mr. D. Hawes Richards was elected VICE-CHAIRMAN.

All meetings are held in public at the Dower House and anyone in the village is entitled and welcome to attend. If you have a problem then talk to one of your parish councillors - they have been elected to look after your interests.

STOP PRESS

An immediate vacancy has unfortunately occurred on the Parish Council due to Mr. Lloyd Williams moving from the village. Three interested people have put their names forward. As it could cost the village over £300 to hold a bye-election all three have agreed to the Council taking a vote at its next meeting on July 13th, to avoid this large expense.

PEMBURY

PEMBURY 2000

The exhibition illustrating the village appraisal was visited by some 700 people, and our thanks are due to the School for the excellent setting they provided. The booklet describing the proposals and a separate large scale map of the village are both on sale from any Councillor or the Clerk to the Council. The booklet is priced at 50p and the map at 35p and both are excellent value for money.

BY-PASS DEMONSTRATIONS

By general agreement our main efforts must be concentrated on the building of the two by-passes. Our first march was held on Saturday May 1st. Allowing for it being a trial it was well supported and although traffic was light it made all who took part more determined than ever. Unfortunately the next one planned for May 29th had to be cancelled at short notice due to changed circumstances.

As a result of this a village meeting was called and a request went to the Parish Council for financial backing to form an Action Group. The Council agreed to a sum of £100 being put aside for the groups use.

The ten member action group is now at work dealing with publicity, petitions, and representations to leading political and business figures and organisations.

The next DEMONSTRATION is on Saturday July 17th. Four traffic counts are planned in July and August and in September/October petition forms will be taken to every house in the village.

The success of the Action Groups plans relies on your support.
HOW ABOUT IT?

CONSERVATION AREA

The proposals to make the Village Green and High Street a special area as set down in "Pembury 2000" have been welcomed by the Borough Council. At a recent meeting at the Dower House they approved the Parish Council ideas with only minor amendments. The proposal now goes to the County Planning Officer for final approval.

This action has already enabled your Council to twice recommend refusal of an application to turn the Camden Service Station into a self service petrol only building. Twice the Borough Council have confirmed this decision. The proposals for a floodlit monstrosity completely out of character with our village green are to be regretted. Hopefully the petrol company will come forward with greatly changed proposals.

"JUST ONE VILLAGE"

1910-1960 by E. J. STANDEN

SPORT

"Both cricket and football have had their ups and downs. Of the two, cricket is more constant, chiefly I think because the players are able to carry on longer and so the teams do not change so often. In the early days of this century the local club produced a well-known county player, a member of a real cricketing family who kept the standard very high for a village club. Of recent years it has been gradually building up to this standard again.

The cricket ground is owned by the Lord of the Manor and is now only used for cricket. In days before the village boasted a recreation ground, some of the big public functions took place on it, notably the Coronation festivities for King George V, and the Peace Celebrations in 1919. A few years later saw a big spectacle one Sunday when the local branch of the British Legion was presented with its banner.

It was a sad day for the ground and club when the army took it over in 1940, for it has a good pavilion, which housed the men who looked after the search light planted right in the middle of the pitch, which is over four hundred feet above sea level. It was there only for a short time when the Battle of Britain started, for the Church with its ninety foot spire stands in the next field and when the lamp was swung round, lighting up the steeple, what a wonderful guide this was for enemy planes.

All signs of this unpleasant sight have gone and the green level turf welcomes the running feet and the crack of the willow once more."

Grateful acknowledgement is made to Miss M. Standen for permission to publish this extract from her father's book. It is on sale in the village for £1.00.
